## THE SENATE AFTER DE LOME

Did He Write the Letter Abusing the President?

## MINISTER ASKED FOR STATEMENT

President McKinley Called a "Low Politician" and Accused of "Catering to the Rabble."

By Wire to THE TELEGRAM

Washington, Feb. 9.—There is considerable comment here on the letter of the Spanish minister Dupuy de Lome insulting the President. The letter will be taken up in a meeting of the cabinet and the Spanish minister will be given an opportunity to make any statements he may desire.

It is expected that the decisive action will be taken. The senate will not permit the matter to lie over. Prompt action is likely to be taken at the next session of congress.

NATURE OF THE LETTER.

In this letter the Spanish minister refers to President McKinley as "weak and catering to the rabble," and as a "politician, who desires to stand well with the jingoes of his party."

Minister De Lome denies that he wrote the letter. Horatio L. Rubens, counsel for the Cuban Junta, says:

"We know absolutely that this letter is genuine. A man risked his life to obtain it. We do not hesitate to acknowledge that it was stolen from Canalejas. It is written on the paper of the legation. The handwriting is De Lome's and the signature is his. He may deny it until he is black in the face, but it is his, and everybody who has seen it knows that it is."

SPAIN MUST EXPLAIN.

Washington, Feb. 9.—Minister Woodford will be instructed to demand of Spain an explanation of De Lome's insult to President McKinley. The President believes the matter of sufficient gravity to demand official notice. Fac simile copies of the letter were taken to the President by Secretary Day early this morning. Later they conferred and decided to demand an explanation.

## THE WRONG PACKAGE.

Dr. Robinson's Medicine Case Stolen Last Evening.

Dr. Robinson, of Guilford College, was in the city last evening. His horse and buggy were left at the Banner warehouse lot and about dark when the doctor wanted to start home he found that his medicine case had been stolen.

This was strange and mysterious. What in the name of grizzly, motley, wall-eyed fate a common thief wanted with a medicine chest was more than the doctor could imagine. For ten years or more the case had remained unmolested in his buggy under the buggy shed at home.

He reported the matter to the police and Officer Weatherly was of the opinion that it was not far away. He argued that the thief, as soon as he found out what his prize was, would put it down and leave it as if it were dynamite. This view seems to have been correct, as, armed with a lantern, a search was made of the warehouse premises and the medicine case found in one of the stalls. The case was not locked and it was an easy matter for the rogue to open it and see the contents.

## Our Fishing Industry.

As to the fishing industry, it may be remarked that few States have so large a population dependent upon it for a living. There are 12,600 persons employed in the fisheries, and 3,800 vessels and boats are used. There are 124,000 gill nets. The catch of fish last year was 142,326,000, value \$1,583,000; clams 78,000 bushels, value \$32,000; oysters 350,000 bushels, value \$150,000; terrapins and turtles 38,000, value \$19,000. For shrimps crabs and caviore (sturgeon roe) \$8,000 was obtained.—Col. Olds correspondence.

## An Important Decision.

Col. Olds writes the Charlotte Observer:

Judge Purnell, in his decision as to the sale of the Cape Fear & Yadkin Valley Railroad decides that the legislative act of 1897, forbidding the division of a road in this State in making a sale thereof, is unconstitutional in that it violates the object of a contract. The act as passed is an amendment to The Code, and requires all roads to be sold as an entirety. It was drawn to fit the peculiar case of the Cape Fear and Yadkin Valley Railroad.

## NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.  
HIGH POINT, N. C., Feb. 9, '98.

Dr. McIver will spend Friday with the graded school and at 7:30 p. m. will address the students and the people of the town in the Presbyterian church. Everybody knows that Dr. McIver always has something interesting and instructive for his audience. The school and the people are awaiting his visit and address with much enthusiasm.

A host of friends were at the train this morning to bid farewell to Mr. and Mrs. George H. Moorhead, who left today for Norfolk, Va. They expect to make St. Joseph, Mo., their future home, where Mr. Moorhead has been appointed auditor of one of the principal railroads in Missouri.

Miss Rema Worth, one of High Point's popular young ladies, left this morning for Wilmington to teach school.

Mr. G. J. Starr, who has been in the bakery business here for several months, has closed out and gone to Wilson. He will not move his family now.

Rev. N. R. Richardson left this morning for Salisbury on business.

Messrs. N. Baxter, Clarence Field and O. Arthur Kirkman returned last night from Greensboro.

Capt. W. H. Snow returned last night from the north.

Will Young, a colored gent, was arrested and bound over to court yesterday for retailing whiskey.

Clerk Ed. Ragan was in the city last night.

Dr. J. W. Long, of Salisbury, was in the city yesterday on business.

C. R. Call, of Winston, was in the city today on business.

E. P. Wharton, of the Southern Stock Mutual Insurance Company of Greensboro, was in the city this morning on business.

## GREENSBORO MISREPRESENTED.

We Are The "First Large Station After Leaving Danville."

Every one who is acquainted with Greensboro knows that their population is now three times what it was when the last official census was taken. The corporate limits have been extended, taking in thickly populated territory, and the old territory has made large gains.

The purpose of this item is to call the attention of the people of Greensboro to the manner in which the city is misrepresented in Rand & McNally's "Handy Guide to Southeastern States." It gives the population at 3,500; when the fact is there are three times that number.

Again, we are designated as "the first large station after leaving Danville going south." The fact is that as a railroad center, Greensboro handles more baggage and transfers more passengers than any point on the Southern between Washington and Atlanta.

Usually Messrs. Rand & McNally give pretty correct information, but in this instance they are way off. We call attention to this to let our people know how some others are looking at us.

## Indian Girls Go to Prison.

Carlisle, Pa., Feb. 7.—Elizabeth Flanders and Fannie Eaglehorn, two Indian girls at the Government training schools in this city, pleaded guilty in the Cumberland county court today to attempting to burn the girls' department, where several hundred young Indian pupils were quartered. They were sentenced by the Court to the Eastern Penitentiary at Philadelphia at separate and solitary confinement at hard labor for eighteen months. The information was made by Capt. R. H. Pratt, superintendent of the school. The girls said they were homesick, and thought Capt. Pratt would send them home if the school were burned down.

## Earthquakes Play Havoc.

Constantinople, Feb. 8.—Earthquake shocks continue to be felt at Balikesir, Asia, Minor and its vicinity. About 4,000 persons have been rendered homeless, some 3,600 houses, 30 mosques and 15 khans have been more or less destroyed and 120 persons have been killed or injured.

## Notice.

It is urgent that State and county taxes be paid at once. The money is needed to meet current expenses and state taxes. Will advertise land for taxes soon. Fair warning to all. Very Respectfully,  
J. A. HOSKINS, Sheriff.

## A CRUISER LEAVES MADRID.

Few Insurgents Submitting of Late—The Cushing Ordered to Provision the Battleship Maine.

By Wire to THE TELEGRAM.

Washington, Feb. 9.—Senator Cannon took the floor today in support of his resolution recognizing the belligerency of Cuba. He charged that the policy of delay pursued by the administration is a direct partnership with Spain to foster upon Cuba the debt incurred in the present war.

THE VISITING CRUISER.

Madrid, Feb. 9.—The armored cruiser Almirante Aquendo left Spain for Havana today. Thence she goes to the United States. The number of Cuban insurgents who have submitted has fallen off since the arrival of an American warship in Cuban waters.

WORK FOR THE CUSHING.

Washington, Feb. 9.—Orders have been sent to Captain Sampson, in command of the North Atlantic Squadron, now off Key West, to send the torpedo boat Cushing to Havana, with stores for the battleship Maine.

Bulletins of Today.

Assembly Patrick Roche introduced a resolution denouncing De Lome and expressing confidence in McKinley.

Flour millers of the west urge Congress to pass the "pure flour" bill.

## A New Guldensuppe.

By Wire to THE TELEGRAM.

New York, Feb. 9.—Hundreds of people are calling daily at the morgue to endeavor to find a clue to the identification of the mutilated body found in the river yesterday. It would seem to be the body of William Carlisle.

## Guarded Against Ghosts.

Stewart Mott, of the penitentiary, who for a week guarded the railroad commission office against the ghosts which Governor Russell sees so constantly gets \$25 out of the State Treasury for that very easy job. The Governor's mind in some way got the impression that ghosts were going at midnight to break the lock of the office, enter there and take possession. Really the assailants were about as intangible as the other things which his exorcism sees in his walking dreams. But he ordered his trusty and well-beloved keeper of the capitol, Rev. Dr. Burns, to put Mott on guard.—Col. Olds correspondence.

Robbed Church Corner Stone.

Mr. Felix Berrier, who came to town this morning, brought news of a robbery which was committed in Davis last night, which was something out of the usual line of thefts.

Cherry Hill Lutheran church has stood near Jerusalem for many years, and last night it was visited by some one, who perhaps, was after old relics. The visitor dug down under the corner of the church building until the corner stone fell out, and they rifled it.

This morning Mr. Albert Miller discovered that the corner stone had been robbed, but there was no clue to the thief.—Salisbury Sun.

## Rescued in Mid-Ocean.

New York, Feb. 8.—The Fabre line steamer Burgundia arrived today from Mediterranean ports and brought safely to port sixteen seamen, who were picked up in mid-ocean and rescued from their sinking craft.

They were Captain Larsen and five of the crew of the Norwegian bark B. D. Metcalf, from Savannah for Hamburg. Captain Larsen says he sailed from Savannah December 10 with a cargo of naval stores.

## SHORT IN HIS ACCOUNTS.

The Dispensary a Great Financial Success.

Correspondence Telegram.

Fayetteville, Feb. 8.—Last week Loyd Hollingsworth, the local superintendent of the Telephone Company at this place, was found to be short in his accounts something over \$100. Mr. Hollingsworth is a bright and active boy and had a fine opportunity of making himself a name in his business. He has confessed his guilt and will plead for the mercy of the court, it is said.

The Cumberland county dispensary cleared for the month of January over \$600. For the first six months the profits were about \$2,400 divided equally between town and county. At the rate this year starts and a proportionate increase per month the profits will move toward ten thousand dollars. The dispensary is a great success financially and it has lessened drunkenness and rowdiness very much. With faithful city officials to enforce laws, the dispensary can be made a great power add it is a long step toward the suppression of the giant evil of the age—the saloon.

This is court week, Judge Sutton presides.

## CHAIRMAN DINGLEY'S HAT.

He Shows That If Is More Than Twelve Years Old.

Washington, Feb. 7.—Representative Dingley's hat, which Jerry Simpson brought into prominence the other day, is still an issue. This morning as the House leader came into the hall, he was interrupted by a group of Republican members, who were enjoying one of the numerous cartoons which have appeared since Simpson made his speech.

"Are you circulating these?" asked Mr. Sherman.

"Oh, yes, I suppose so," Mr. Dingley replied "with something of a distracted air."

After studying the picture a moment, Mr. Dingley went on: "Of course the whole thing is all rot. But the best thing about it is what one of the assistant appraisers at New York told me. He said, in response to a question by me, that not a single silk hat had been imported into the United States in twelve years."

"You don't mean to say your hat is more than twelve years old?" said Mr. Fischer of New York.

Mr. Dingley's answer was lost in the outburst of laughter that Fischer's sally evoked.

## GREENSBORO CORPORATIONS.

Two New Ones Chartered by the Secretary of State.

The secretary of state yesterday granted letters patent to two new corporations in Greensboro, N. C., as follows:

The business to be carried on is general milling and merchandise business—dealing in all kinds of grain and grinding the same and preparing it for market.

The Greensboro Novelty and Manufacturing company, with a capital stock of \$10,000, with privilege of increasing to \$25,000. C. N. McAdoo, J. C. Brown and R. J. Allen are the incorporators.

The business of the concern is to buy and sell furniture, spring beds, cots, wire coops, crates and such other novelties as may be deemed profitable.—News-Observer.

## A Duel to the Death.

Dubuque, I., Feb. 7.—As the result of a duel at Seaton, near Algona, Ia. Herman Nicker lies dead at his home and Albert Rahm is dying in the city calaboose. Nicker and Rahm fought with pistols at twenty paces early this morning. There were no witnesses save their seconds. At the first fire Nicker was mortally wounded and died a few minutes later.

After the exchange of shots Rahm attempted to walk toward the prostrate form of his foe, when he, too fell to the ground. A bullet had entered his body. The duel was the result of a love affair in which the men were rivals.

## Two Companies of Troops for Alaska.

Washington, Feb. 8.—At the cabinet meeting today it was decided to send two companies of troops immediately to Dyea and Skagway, Alaska, for the purpose of preserving order and protecting life and property. Advice to the government state that the rush to gold fields has attracted hundreds of the lawless element, and that troops are necessary at once to prevent trouble.

## THIRD DAY OF ZOLA TRIAL.

Court Room Packed With An Eager Crowd.

## WITNESSES REFUSE TO TESTIFY.

The Factions in The Court Room Become Riotous and Are Cleared Out By the Guards.

By Cable to THE TELEGRAM.

Paris, Feb. 9.—The third day of the Zola trial began with the usual large crowd in the court room and outside. General Gonz the first witness pleaded the privilege of professional secrecy and refused to give the details asked in regard to certain letters written by him to Col. Picquart. Labori Holley protested against the rights of the defense being violated. Gonz replied that the only rights violated were those which had been outraged by Zola in his campaign. A wordy battle between the counsel and the witnesses followed. Spectators applauded the act of Gonz and the Zola and anti-Zola factions became so riotous the guards cleared the court room.

## Co-Education at Richmond College.

Richmond, Feb. 8.—The board of trustees of Richmond College, at their semi-annual meeting, held here today adopted a resolution empowering the committee on instruction to establish at the college co-education in a limited way, by admitting young women to the higher classes. The board decided to establish at the college a chair of English literature and history.

## More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstony had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so charged them both. Mr. Vanstony sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following:

## ANOTHER POINT OF VIEW.

A man on the street said, "Every town that amounts to anything is in debt." It is literally true.

Debt is at once an essential and an indication of progress. It is a condition precedent and subsequent.

The town that goes in debt to equip itself with those things which all experience shows that a town must have shows that it has faith in its own future. The faith of other people follows and brings with it growth, expansion, business, wealth, life.

Why is it that an extension of our sewerage system is a necessity at this time? It is because Greensboro is growing. It has cast off the hide which bound it for years and is passing beyond the period when a United States census puts it down as "Population, 3,500."

What does an extension of the system mean? It means an advance of property values, it means an increase of population, an increase of business, a reputation for progress.

What does the defeat of the proposed extension mean? Blink it as they may, citizens know that it means a set-back to the town. It means that the growth of the town is to be crippled; that the tide will no longer set our way.

It is not a matter of sentiment. It is a business proposition purely. It will pay in hard dollars and cents. It is merely what every financier would regard as a good investment.

The city should own the waterworks, of course. That is true enough. But that is not now the proposition before the voter. The city should own both the water-works and the lighting plant. That is true enough. In time it will doubtless own both.

It is scarcely wise to play dog in the manger to the question of extending the sewerage, because the city should own the water-works or because the extension will increase the value of the company's stock.

As a matter of fact it would be good business to vote enough bonds to buy the water plant and put in the sewers; but is it probable that so large an issue would carry?

Is it true that the town is afraid to invest \$50,000 in its own future? Is it true that there is not enough of wise progressiveness, of good business judgment, of local patriotism to push this matter to a successful issue?

The friends of the extension should remember that no man who opposes progress was ever known to be idle. He is persistently and perniciously active. When it comes to cold water for a needed improvement he can give the pumping station odds and beat it.

Therefore, if you are in favor of the bonds, talk the matter, push it.

The supreme court failed to grant license to Percy McMullan, of Perquimans county, who answered every question. Were the learned jurists all asleep during the examination?

A not inappropriate motto for the new stove trust would be "we draw everything unto us."

In his salutatory, twelve years ago, L. L. Polk said: "Serving no master, ruled by no faction, circumscribed by no selfish or narrow policy, our aim will be to foster and promote the best interests of the whole people of the state."—Progressive Farmer.

It is at least cool for the Progressive Farmer to claim that it is still entitled to carry that at its mast head. No paper in the state has ever been more bitterly factional than it. No paper has done so much and is still doing so much to stand in the way of unity where unity is essential to clean government and progress. "The best interests of the whole people?" It has been the policy of the Progressive Farmer for years to deliberately attempt to array the farmer against every other class of our citizens. In doing this it has resorted to gross misrepresentation that it knew to be such, exaggeration and all the petty dodges of a blatant demagogue. "Serving no master?" "An ounce of civet, good apothecary."

Are you in favor of buying the water-works? Are you in favor of putting in a sewerage system? Are you in favor of one or both? The Telegram will be pleased to welcome to its columns opinions of citizens on these matters.

That bright youth, Auditor Ayer, reports that he will once more place his versatility at the disposal of the Caucasian. A little rot more or less cannot materially effect the make-up of that glorious organ of "the people."

In the election of deacons in the church of Rev. John Jasper in Richmond pistols were drawn and razors flaunted in the air, and that reverend lecturer is now convinced that other things than the "Sun do Move."

If Germany could stand her domestic cheese with all its occupants there is no reason why she should get squeamish over a few bugs on our apples.

Mr. Von der Ahe of St. Louis baseball fame having landed in jail can now understand the woes of "Pop" Anson.

## CLAUS SPRECKELS'S DAUGHTER.

Mrs. Watson Will Sue for \$1,500,000 Worth of Property.

Seattle, Wash., Feb. 8.—Honolulu advices received tonight report that Mrs. Emma Spreckels-Watson, the only daughter of Mr. Claus Spreckels, will bring suit in Honolulu for the recovery of \$1,500,000 of property which just after her marriage she deeded back to her father. Most of this property is in Honolulu, and under the Hawaiian law such a transfer by a wife, to be valid, must be signed by her husband. Watson did not sign these deeds, so the lawyers think Mrs. Watson has a good case. The suit will bring out the facts about the quarrel which ensued when the old millionaire found his daughter had eloped with a middle aged English wheat broker whom he called a "tuff hunter."

Mrs. Watson says her father's continued ill treatment since her marriage is the main reason for her proceedings. He has refused to receive her or her husband, and has not spared words in condemning her as ungrateful and her husband as a fortune hunter.

Mrs. Watson will not bring formal suit until she returns from her trip around the world, but she has made demands on the tenants of the property in Honolulu to pay their rents to her. This property brings in a rental of \$10,000 a month.

J. L. Garrett, grocer, of Oxford, made an assignment yesterday. B. S. Royster, trustee. Liabilities \$1,000; assets about \$500.

## One-Cent-a-Word

[Advertisements inserted in this column at one cent per word for each insertion.]

WE HAVE in stock six or seven dozen pairs of men's shoes that are very slightly shopped; part of them have been on hand since last fall, some longer. For all practical purposes these shoes are just as good as if they had just come out of the factory yesterday, but a little of the new is off, and we don't want them in the store any longer. Experience has taught us that the quickest way to clear out stock of this kind is to cut prices and sell them for less than they are worth. We have also learned that a slight cut in prices does not have the desired effect, consequently we have priced these shoes so low that it will be worth any man's while, who cares more for comfort and durability than he does for style, to come in and look them over and buy a pair or two. Ask to see the cut price shoes advertised in The Telegram, so we can tell whether Telegram ads do any good, and oblige, Thacker & Brockmann.

## ORIGIN OF SAN JOSE SCALE.

Troublesome Pest Came from Europe  
via New Tasmania.

San Jose, Cal. Feb. 7.—San Jose has  
attained an undesirable and unde-  
served notoriety in connection with the  
spread of the fruit-tree pest which has  
spread terror in the official circles of  
the German empire. It has been in-  
ferred that San Jose has been the  
birth place of the dreaded scale, and  
that the fruit trees in this city have  
been affected by it.

As a matter of fact the scale in this  
country has been practically stamped  
out of existence and in regard to the  
name, it was foisted on San Jose be-  
cause the first efforts to eradicate it  
were made here. The scale, or Shield  
louse, was imported to this state from  
Tasmania over twenty years ago and  
originally came from Europe. It had  
a healthy existence in the world long  
before there were any fruit trees in this  
country—long before the name of San  
Jose was attached to it. It was known  
to entomologists and may be found  
mentioned in the works of Canstock.

## EXPERIENCE

Is a Good Teacher

A VOICE FROM SALISBURY.

Salisbury, N. C., Dec. 4, 1897.  
From my own experience I have  
found Mrs. Joe Person's Remedy the  
best medicine known for building up  
the health in general. The greatest  
remedy in the world for dyspepsia,  
eczema, aches and pains and breaking  
up colds. Nine years ago I suffered  
with a chronic cold which resulted in  
a bronchial affection and repeated  
serious troubles of the throat, which  
was alarming. I was affected with  
something like croup and again and  
again for years was subject to attacks  
of laryngitis. I tried Mrs. Joe Per-  
son's Remedy and am now free of all  
those troubles and have been ever  
since and feel confident the Remedy  
has made the cure. I have kept it in  
my family for years and have always  
found it invaluable for old and young.  
The extraordinary effect of this grand  
remedy is sure to be realized by all  
who give it a fair trial.

Sincerely,  
MRS. M. E. RAMSAY.

**BRIEF LOCAL MATTERS.**

Hear Sherwood play tonight.

J. P. Stanton, of Winston, was in  
the city today.

Thos. N. Woody, of Prosperity, was  
in the city today.

Dr. W. J. Staley, of Liberty, was  
in the city today.

Five gallon oil cans are advertised  
by Lindau today.

Go to the Academy tonight and for-  
get for the time the cares of business.

John C. Caddell, of the Biblical  
Recorder, was in the city at noon and  
left for Chapel Hill.

Matthews, Chisholm & Stroud ad-  
vertise boys never-rip Newburgh cord-  
uroy pants. See what they say about  
them.

D. M. Lucas, manager of G. W.  
Koerner's wholesale feed and flourhouse,  
went to High Point and Jamestown  
yesterday on business.

Capt. J. C. Dame, passenger agent  
of the Chesapeake & Ohio railway,  
was in the city this morning and left  
at noon for Richmond.

Don't forget the Wm. H. Sherwood  
concert at the Academy of Music to-  
night. Fifty cents general admission.  
Curtain will ring up promptly at 8:30  
o'clock.

The Sergeant Manufacturing com-  
pany today shipped a saw mill to  
Wilkesboro. The same company will  
ship three saw mills to Alabama to-  
morrow.

Ladies occupying front seats at the  
Academy tonight will incur the lasting  
gratitude of those who sit behind them  
if they will remove their large hats  
during the performance. The Tele-  
gram has been asked to ask the ladies  
to do this, but we feel that such a re-  
quest would be unnecessary.

While the matter of issuing bonds  
to extend the sewer is being discussed;  
while the bug hunters are locating the  
San Jose Scale; while arrangements  
are being made to entertain the Bos-  
ton baseball players, and while the  
Southern railway company is waiting  
for good weather to begin work on the  
new passenger depot, keep your mind's  
eye steadily and unwaveringly on the  
one greatest and most important need  
of Greensboro: A larger and more  
varied line of manufacturing indus-  
tries.

**What About Our Welcome Week.**

What about Greensboro's welcome  
week that was spoken of last Novem-  
ber, we believe? If it was worth think-  
ing about then, it is now. If this mat-  
ter is handled with energy and judg-  
ment, it can be made a big thing for  
Greensboro. The railroad advantages  
in the way of accessibility and sched-  
ule make it the best point in the state  
for such an occasion. One store alone  
took in three thousand dollars the day  
Bryan spoke here. Let the people of  
this growing town think about the  
matter and agitate it. It is running  
water that turns the wheel.

**Sheep has Hydrophobia.**

A mad dog passed through the coun-  
try near Craven this county, about  
two weeks ago. Mr. Jos. A. Poole  
saw the dog bite one of his sheep, but  
before he could kill the dog he had  
escaped, but he was killed several  
miles away.

Now the sheep that was bitten has  
hydrophobia in its worst form. It  
will not eat at all, but will fight any-  
thing in its reach. If anything is  
thrown in the stable it will jump upon  
it with its feet, stamp and paw it and  
bite it. It is an awful sight to see.—  
Salisbury Sun.

**WOODMEN OF THE WORLD**

**Organized Last Night and Officers In-  
stalled.**

Under the most propitious circum-  
stances was the Camp of the  
Woodmen of the World organized at  
the Knights of Pythias hall last night.  
The organization was perfected and  
the work exemplified fully.

The following officers were elected  
and installed:  
Consul Commander—J. B. Web-  
ster.

Adviser Lieutenant—D. H. Blair.  
Banker—W. Fogart.  
Clerk—F. C. Boyles.  
Escort—J. T. Snider.  
Watchman—W. C. Beasley.  
Sentry—A. A. Hinkle.  
Physician—Dr. J. P. Turner.  
Managers—L. W. Clark, J. A. Clif-  
ton, E. L. Armentrout.

With this efficient corps of officers  
the new camp, which was very appro-  
priately named "White Oak Camp,"  
should succeed well.

The Woodmen of the World is an  
international fraternal, benevolent and  
insurance order, having a total mem-  
bership, January 1st, 1898, of over  
135,000. The order has paid out over  
three million dollars in benefits dur-  
ing the past seven and one-half years.

The deputies will remain in the city  
for a short time and with the co-oper-  
ation of the members build the mem-  
bership of White Oak Camp to 75 or  
more.

**ACADEMY OF MUSIC SOLD.**

**W. J. Blackburn and T. J. McAdoe  
Become Sole Owners.**

A trade was consummated this morn-  
ing by which the Academy of Music  
passes into the ownership and control  
of W. J. Blackburn and T. J. McAdoe.  
Formerly the property has been owned  
by J. W. Smith and run by Smith,  
Blackburn & Co., with Mr. Blackburn  
as manager. Under the new arrange-  
ment Mr. Blackburn continues man-  
ager.

It is the purpose of the new owners  
just so soon as the present theatrical  
season is over to tear out the old stage  
and put in a new and much larger one  
and otherwise to fit up the theatre in  
better shape. After that Mr. Black-  
burn tells us none but first-class com-  
panies will be billed. Such companies  
could be had now but for the smallness  
of the stage.

**Entertained at Whist.**

Mr. and Mrs. W. P. Bynum charm-  
ingly entertained a party of friends at  
whist yesterday evening. With vary-  
ing luck from 8:30 to 11 o'clock the  
points of the game were contested. At  
eleven refreshments were served and  
the winners congratulated while the  
losers explained how it happened.  
Among the guests of the evening were  
Col. and Mrs. Kase, Judge and Mrs.  
Bynum, Mrs. Jones, Mr. and Mrs.  
Williams, Mr. and Mrs. Devenish,  
Col. and Mrs. Fitz Maurice, Mr. and  
Mrs. Cameron Gales, Mr. and Mrs.  
W. T. Gayle, Mr. and Mrs. H. L.  
Fry, Miss Walker Fry, the Misses  
Ballard, Miss Horry, Mr. Horry, R.  
D. Douglass, C. P. Sapp, General  
Glenn, Mrs. B. C. Shary, Miss De  
Butts, Prof. and Mrs. Brown, Mrs. A.  
V. Taylor, Z. V. Taylor.

**Gorton's Minstrels.**

"It is the best minstrel troupe that  
has been seen in this city in the past  
year. The gags were all crisp and  
sparkling and kept the audience in an  
uproar. The magnificent band is, in  
itself, equal to an ordinary show."—  
Raleigh, N. C., News and Observer.

"Gorton's Minstrels have been here  
before and they will come again. We  
are said to be fond of our fine horses,  
our beautiful women and our unsur-  
passed corn juice, but it might be  
added that we dearly love a good min-  
strel show. Gorton's Minstrels come  
up to the Lexington idea; for down-  
right fun, their entertainment is not  
surpassed by any."—Lexington, Ky.,  
Press.

**Wholesale Grocer's Meeting.**

The Wholesale Grocer's Association  
of Greensboro held their regular  
monthly meeting today at the club  
rooms of the Merchants and Manufac-  
turers Association. Mr. C. C. Thom-  
as, of Durham, and Messrs. F. L. and  
J. W. Williamson, of Burlington,  
were present in addition to the local  
members.

Matters pertaining purely and solely  
to the interests of the organization  
were discussed and acted upon. The  
next meeting of the association will be  
held at Burlington.
